Webcast Delivery Platform

“LearnLive is proving an invaluable resource in our professional development program. Our new series of firm-wide webinars provides uniform, low-cost training across the firm, introduces our faculty to lawyers in all offices, and builds a library of on-demand programs tailored to the needs of our professionals. As we’ve learned to use some of the more advanced features, we’re also increasing interactivity and finding that the programs can be a lot of fun.”

Anne Nicholson Weber
Professional Development Manager
Sonnenschein Nath & Rosenthal, LLP

Live CLE training is a considerable expense to most firms. But trying to reach your professionals and external clients via remote, online training means managing a cumbersome combination of disjointed video, web and tele-conferencing tools.

LearnLive Connect™ is the first and most comprehensive solution created specifically for the legal industry to easily deliver the most dynamic and engaging online training and CLE, either live or for future self-study, in a one-click solution.

Administrators can now easily upload and synchronize all parts of the training presentation. LearnLive’s state regulation approved tracking automates CLE tracking and certification based on the participation requirements you set. Automated, detailed and integrated system reporting dramatically simplifies the CLE administration process. Upon course completion, compliance records are automatically updated in LearnLive Compliance Tracking™. LearnLive will automatically convert live events into fully certified online CLE self-studies for future, on-demand access.

Attorneys and Staff with challenging schedules will now have the flexibility to participate live or on-demand right from their desktops or conference room. The dynamic and fully synchronized, live audio/visual presentation also has lesson menus with drop-down details, note-taking, printable handouts and verbal or written Q&A. The web-based platform allows professionals to securely connect to and from desktops worldwide without requiring video conferencing equipment.

With LearnLive Connect you can now create an engaging and interactive Virtual Classroom for your professionals and external clients all around the world.

Created jointly with the LearnLive Legal Advisory Board (LLAB), Connect is part of the LearnLive Continuum™ family of products.
About LearnLive

LearnLive is a fully hosted solution, reducing the complexity and costs of software set-up and integration with your network. All software systems are kept up to date, available, and managed for performance by LearnLive experts. With a hosted solution, you can ensure scalability and security of internal IT systems without driving up internal IT costs, which can free up your IT staff and tools to focus on strategic technology projects that impact your firm’s bottom line.

LearnLive Technologies provides a comprehensive learning platform focused on meeting the specific professional development, career planning, and compliance tracking needs of professional services firms. The integrated learning platform, used by many of the NLI 250 and top 100 accounting firms, includes a Learning Management System, certified delivery platform, class conversion tools, and compliance tracking modules. For a free demo, contact us today at (206) 812-4700 or sales@learnlive.com.

Dynamic Presentation Format
- Live audio/visual presentation
- Lesson menus with drop-down details
- Note taking
- Printable handouts
- Verbal or written Q&A
- Fully synchronized
- Fully integrated with Compass™ (LMS) and Compliance Tracking for automatic record updates
- Multiple presenter capability can connect presenters in up to 5 different locations in one event
- Screen sharing capability for application training
- Simulcast classroom training events
- Video conferencing integration
- Streaming teleconference capability

Automatically convert to CLE Self Study, MP3/MP4, and Rebroadcast for On-Demand Flexibility
- Live Virtual Classroom events will be automatically recorded and transformed into a CLE-worthy self-study course.
- Rebroadcast as a live event, with moderators answering questions live. Viewers will notice no difference in the experience from the live event.
- Polling questions continue to track participation for certification.
- Handouts and PowerPoint presentations that accompany the video presentation are easy to upload and synchronize with the presentation to your liking.
- Raw media files are created standard with all Virtual Classroom conversions for MP3/MP4 downloads to iPods®.

State-of the-Art Participation Tracking & Reporting
- Ensures all state regulations are met for certification.
- Built-in participation tracker pops up throughout the self-study (4 times per hour) to ensure active participation.
- Automatic participation report is run at the end of each event.
- Participants are given a pass or fail depending on the participation requirements you set.
- If passed, CLE certificates are issued for immediate printing.
- AICC and SCORM compliant.
